Name:

ID No.....

Topic: Evaporation

Directions: Research the topic indicated above and answer the questions below:

1. Prachi and Kanchi are wearing cotton and nylon clothes respectively on a hot summer day. Who do you think would be more comfortable and why?

2. Why does our palm feel cold when we put some acetone or nail polish remover or petrol or perfume on it?

3. You want to wear your favourite shirt to a party, but the problem is that it is still wet after a wash. What steps would you take to dry it faster?

4. Why do wet clothes dry faster in the Sun than in the shade?

5. Why do we feel relief under a fan when we perspire?

6. In which of the following cases, will the evaporation of water be more—in dry air or in humid air?
